Buttons

SCHEDULE

Access your schedule through Visual Memory. Organize your life by adding, reviewing, or deleting appointments and set your custom reminders.

PROVIDER

Access your provider information through Visual Memory. Add, review, or delete provider name, office address, office hours, office phone number, emergency number and specialty.

FAMILY

Access your family contacts through Visual Memory. View and add contacts name, photos, relation, and custom audio recordings.

RECORDINGS

Access your custom recordings through Visual Memory. Add, review, or delete custom recordings; assign them to contacts in your family.

MEDICATION

Access your medication information through Visual Memory. Add, review, or delete medication name, dosage, frequency taken, preferred time of day, pill count per prescription, number of refills, prescribing doctor and cost.

HISTORY

Access your medical history through Visual Memory. Add, review, or delete diagnosed diseases, recorded surgeries, medication allergies, food or other allergies, and immunization records.

INSURANCE

Access your insurance carrier information through Visual Memory. Add, review, or delete insurance carrier name, type of insurance, group number, member number, phone number for providers, phone number for members, and claims processing address.

HOME

Access the home page of the Visual Memory App.

Schedule

You can access your schedule by pressing the SCHEDULE icon on the home screen of the Visual Memory app. The schedule opens up by default in the Month view with the current day highlighted in green. Saved appointments will be displayed by a dot on the calendar date.

Creating Appointments

1. Tap on the plus **+** sign button to open the new appointment screen.
2. From this new screen you can enter the appointment Subject, Location, add Notes, Start and End time, Reminder time, choose a Repeat setting, and add a Custom reminder setting.
3. Save the updated appointment by pressing 'Save Appointment' at the bottom of the screen.

The screenshot displays the 'NEW APPOINTMENT' screen in the Visual Memory app. At the top, the app's name 'VISUAL MEMORY' and a home icon are visible. Below the title, there is a back arrow icon. The form includes the following fields and options:

- SUBJECT**: A text input field.
- LOCATION**: A text input field with '(optional)' in parentheses.
- NOTES**: A text input field with '(optional)' in parentheses.
- START**: A date and time picker showing '07/06/2013 6:00AM' with a right arrow.
- END**: A date and time picker showing '07/06/2013 8:00AM' with a right arrow.
- REMINDER**: A dropdown menu showing '15 minutes' with a right arrow.
- REPEAT**: A dropdown menu showing 'None' with a right arrow.
- CUSTOM**: A dropdown menu showing 'Text reminder' with a right arrow.

At the bottom of the screen is a large blue button labeled 'SAVE APPOINTMENT'.

Updating your appointments

1. Tap on a calendar event or appointment.
2. Tap Edit, and then change event information.

Note: When edits are made to your Visual Memory Internet schedule, the changes will automatically be updated in your mobile Visual Memory schedule account.

Deleting Appointments

1. Tap on an appointment to display the detail.
2. Tap to select the Delete button at the bottom.
3. Your appointment will be deleted.

Changing Schedule Views

1. You can view your calendar events in a list, by day, by week, or by month.
 - a. To switch from one view to another, **Tap** List, Day, Week, or Month to view your appointments in each of the desired formats.
 - b. List view will display your appointments in a scrollable list.
 - c. Day view will display your appointments in a day (you can tap the right or left arrows to view the previous or next day's appointments).

- d. Week view will display your appointments in a week (you can tap the right or left arrows to view the previous or next week's appointments).
 - e. Month view will display your appointments in a month (you can tap the right or left arrows to view the previous or next month's appointments).
2. To return to the current day, select TODAY from the options at the bottom of the screen.

Glass Reminder

You can customize your reminders to include text, photos, and/or audio. Reminders will be displayed as text only on the android phone, but can be customized for the Google glass interface. A reminder showing text and photo is shown below:

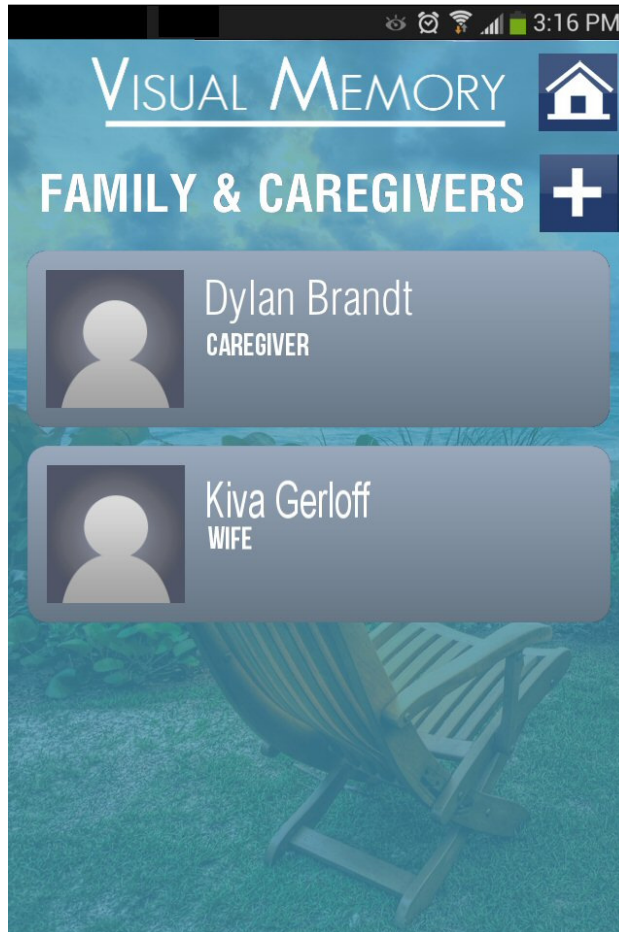

Provider

You can access your provider information by pressing the PROVIDER icon on the home screen of the Visual Memory app. The provider menu opens up by default in a list view with provider name and specialty displayed.

Family

You can access your family and caregiver information by pressing the FAMILY icon on the home screen of the Visual Memory app. The family menu opens up by default in a list view with the contact name and relation displayed.

Creating a Contact

1. Tap on the plus **+** sign button to open the new entry screen.
2. From this new screen you can enter the contact's Name, your Relation to the contact, add a Photo of the contact, and select a custom audio segment (from the audio recordings list).
3. Save the updated contact by pressing 'Save Appointment' at the bottom of the screen.
