

AIG Summer Internship Program – Actuarial

About AIG

The American International Group (AIG) serves commercial, institutional, and individual customers in more than 130 countries through one of the most extensive worldwide property-casualty networks of any insurer. AIG employees have the unique opportunity to accelerate their career across the multiple business lines, functions, and regions in which we operate. Strong work ethic, motivation, and talent will ensure your success at AIG, as we provide exceptional opportunities for growth throughout our global business.

Actuarial Division

The Actuarial professionals have the pivotal role in driving the results at AIG, and are integral to AIG's success with their expertise in quantitative analysis, insurance pricing, loss reserving, and risk quantification. We have dedicated Finance Actuaries that play a critical role in ensuring the financial condition of AIG's major regulated and rated insurance operating companies around the world. Specifically, the Finance Actuarial team is responsible for reserving and valuation of liabilities; assessing the soundness of regulatory and rating agency; capital and assessment of insurance capital needs. Portfolio Analytics and Pricing Actuaries dedicated directly to support AIG's businesses are responsible for technical pricing; product development analytics; performance monitoring and measurement; and assessment of reinsurance needs. This team also works with marketing, operations, and financial management to achieve business objectives.

Summer Internship Program Description

Joining the AIG Summer Internship Program is a great way to enhance your business acumen and gain insight into our industry. Summer Analysts are placed into meaningful and influential roles that have an immediate and integral impact on the business.

The Summer Internship Program lasts approximately 10 weeks and is targeted to students entering the final year of their undergraduate or graduate education. After a week of orientation and intensive training, Summer Analysts will join one of our business lines, each of which offers a unique opportunity to work in a diverse, global and collegial environment. In addition to the experience acquired on the job, Summer Analysts have the opportunity to participate in learning seminars, volunteer activities and networking receptions.
