

# Speaker Bio

10. She is a full professor in CS, University of Texas at Dallas.
9. She received her B.S. in 1989 in Mechanical Engineering, from Liaoning University of Engineering and Technology in China.
8. From 1989 to 1991, she was a mechanical engineer at Chinese Academy of Mine Science & Technology
7. She received her MS in 1998 from University of Minnesota, Twin City in CS
6. She received her Ph. D. in 2002 from University of Minnesota, Twin City in CS
5. She has published more than 200 research papers in various prestigious journals and conferences
4. She is a senior member of IEEE
3. She is associate editors of SOP Transactions on Wireless Communications (STOWC), Computational Social Networks, Springer, and International Journal of Bioinformatics Research and Applications (IJBRA).
2. Her current research mainly deals with the general research area of data communication and data management. Her research focuses on the design and analysis of algorithms for optimization problems that occur in wireless networking environments and various database systems
1. She is our featured speaker today

**Dr. Lily Wu**
